Our Largest

## DSUL Bonita 103... Embryos of DSUL Bonita 103

DONOR SIRE: FULL FLUSH  
DONOR DAM: GK MISS CHILL 602G (CHILL FACTOR X 602 ANGUS)

**Lot 1A – Three embryos by Heat Seeker**

**Lot 1B – Three embryos by Heat Seeker**

**Lot 1C – Three embryos by Heat Seeker**

The best of the incredible 602 family and a red-hot sampling of the most sought-after genetics in the club calf industry! DSUL Bonita 103 was a dominant show champion for Emily Rhode including a selection as the Reserve Supreme Champion Female in San Antonio, and she is even more impressive in production. Consider that her first flush to Heat Wave produced two of the high-selling steers in the 2007 Sullivan and Bar A Club Calf Sale to Nick Rieman, SD, and these two steers went on to be chosen as the Champion Simmental and Reserve Maine-Anjou Steers of the 2008 Oklahoma Youth Expo. Only the rarest of the rare can claim such an accomplishment, and add to it that the first calf from Bonita 103 by Heat Seeker stood sixth in Fort Worth this winter. All told, this young female is making her way to the extreme top of the game at a very rapid pace and there is much, much more to come from her. The embryos selling here are special frozen features of our largest-ever embryo offering and no serious breeder should be without them. Full and maternal sisters to Bonita 103 are recognized as some of the most proven and valuable females in the business and, for those lucky enough to have worked with them, the value of these genetics cannot be overestimated. It's time you owned some!

## 3C Miss Meyer 389G... Embryos of 3C Miss Meyer 389G

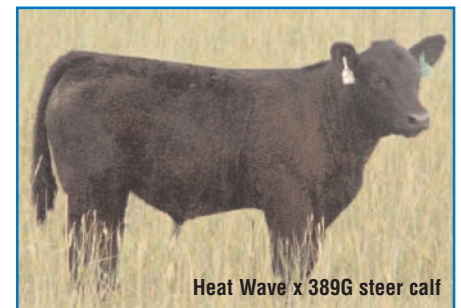

DONOR PEDIGREE:

MR BLACK GX 6W  
MEYER 734  
MISS GX 728R  
TOTAL (PB ANGUS)  
C3 MISS 9081  
T153 (MA X AN)

**Lot 2A – Four embryos by Heat Wave**

The best daughter of the 3C and Sullivan foundation donor, Christensen 9081, 389G is an amazing performer that ranks with the very best of the 734 daughters ever to work at Sullivan Ranch. Her 2001 steer by Who Made Who sold for \$15,000 to Sinclair Cattle Company, IN, and she followed up that act with a son by Heat Seeker that sold for \$11,000 to Ohio. The Schnoor family, CA, purchased another Heat Seeker steer for \$5,750 and more calves by Who Made Who and Heat Seeker sold for \$2,500, \$3,000, \$2,500, \$2,000 and \$2,500 during 2003. In 2004, her Heat Wave heifer brought in \$8,500 and our 2007 Genetic Progress Sale featured a full sister that sold for \$6,500 to Jeff Wyatt and Van Riley, TX. We had two brothers by Heat Wave in our 2006 South Dakota Calf Sale that sold for \$7,500 and \$2,100 and we sold a flush mate brother in Texas for \$2,800 that year as well as a quartet heifer mates that sold for a \$4,300 average in the 2007 Sullivan Ranch Spring Cow Herd Dispersal. 389G herself was the top-selling open heifer of the 1998 3C Ranch Sale and her progeny have been some of the best cattle we have ever worked with. There will not be many more of these embryos so don't let these get away!

 MISS GX 728R  
 POWER PLANT  
 MS POWER 05  
 ANGUS

**Lot 3A – Four embryos by Heat Wave**

**Lot 3B – Three embryos by Hannibal**

The donor here is an extra-stout and proven baldie female that is one of the coolest and hairiest 734 daughters we've ever seen. She's a "Wow!" cow and she delivers with power – especially with Hannibal and Heat Wave. Her two Hannibal steer calves sold for \$15,000 and \$8500, and her only Heat Wave so far was a heifer that sold for \$8,700 last fall and is now in transplant. One of the Hannibal steers was shown by the Tim Burke family and won four shows, and the other was a many-time champion for the Himebach family. You'll love the calves you get from her. Brittney 05K delivers!

## Material Girl...

### Embryos of Bar A Material Girl

Reg. Hereford Cow  
 DONOR SIRE: CINCH  
 DONOR MGS: HAROLDSON'S RAIDER

**Lot 4A – Three embryos by BR Channing**

**Lot 4B – Three embryos by 4114 Made**

Anyone that traveled the TCCA show road in 2003 will remember Material Girl as Keaton McConathy's dominant Hereford show heifer that season. This is as muscular and cool-looking as Hereford females get and, while this is her first embryo offering, Material Girl is already well-proven in just one calf crop. Her very first steer calf by 4114 Made brought \$8,500 in the 2008 Bar A Bid-Off, and her first daughter by BR Channing is a valuable keeper that is not for sale. To say that we have high hopes for her future may be the understatement of the day. Get in before we decide to quit selling these!

**BLACK RHINO 1CM**  
CHEYENNE 108  
WHO MADE WHO 411F  
**WHO'S THAT 76J**  
BACC ANGUS 76

### Lot 6A – Three embryos by Heat Wave 1

The newest dominant champion from the most dominant Who Made Who daughter in the business, Patience 100R was one of the winningest Chi females in the country over the past two years for Segayle Foster, TX. Like her sisters and brothers before her, Patience won at every level including highlighted victories such as Grand Champion Chi Female at the 2006 National Junior Chianina Show, Champion Chi of the 2007 Fort Worth Open and Junior Shows, Champion Chi Female at San Antonio in 2007 and Reserve Grand Champion Chi Female of the AJCA Junior National in 2007 with her first calf at-side. Her dam, 76J, is a former Bar A donor that was a \$28,500 feature of the 2005 Frozen Gold Sale and was herself a National Champion Chi Female for Hunt Farms, Ray Farms, and Bar A Cattle. 76J is widely regarded as one of the very best daughters of Who Made Who in existence. The proof is in the pudding, with two National Champions and two Fort Worth Champions as daughters – Who's Too Foxy won them both in 2004 and 2005 before selling for a \$21,000 valuation to D&C Shepherd, OH – a son by Power Plus that was the Reserve Grand Champion Steer in Houston in 2006 and a grandson by Hoo Doo Prince that topped the 2008 Sullivan and Bar A Calf Sale at \$25,000. This will be the first Heat Wave offering from this family and there is no telling what they will accomplish for you. Hold on tight!

## Embryos of DSUL Mindy 455

**DONOR SIRE: MAINE-ANJOU**  
**DONOR DAM: RB 55 (SIM X ANGUS)**

### Lot 7A – Four embryos by Full Flush

A proven, power mating from the archives at Sullivan Ranch, the deceased donor of these Full Flush embryos was as beautiful of a black-baldie cow as you can find. She had the volume, body, bone and hair that set her apart, and she was breathtaking to see in the pastures at Sullivan Ranch. She produced her share of winners and high selling calves including two sons by Full Flush that sold for \$5,800 and \$4,000 plus a daughter by the same mating that was Supreme Champion Scramble Heifer over 350 head in Houston in 2004.

### Lot 8A – Four embryos by Meyer 734

A power tank with a stacked maternal pedigree! This OCC-bred female was a \$9,000 selection from the 2005 Duff Power+ Genetics Sale and has quickly proven her worth in both the Sullivan Ranch and Mimms Cattle programs. Her pedigree is the best of the foundation genetics – Fullback and two shots of F0203 – that have helped to form the core of the Ohlde and Duff programs, and her phenotype is pure body mass and easy keeping, feminine power. An excellent Meyer 734 daughter sold to Neal Ray Davis, TX, in the 2008 Donors Unlimited Share the Future Sale and others have been features of the Power + Sale. Grab on to some real, F1 foundation genetics here!

HOO DOO K111

SCC MILLENNIUM J002 PET

EC LEADING LADY 3003

BALDRIDGE FASTTRACK 82F

**For Reference Only – Selling Semen Packages - Mojito will be on display sale day**

Amazingly different and amazingly exciting, Mojito is the newest big thing from the Bar A program, and this purebred Charolais is so smooth, complete, problem-free, and powerful that you'll want to check his DNA. We already did that, however, and we're planning some very big things for this impressive, young sire. From club calves to smokey female production, we think the future is very bright for this polled, purebred son of Hoo Doo 001 from Keaton McConathy's show heifer-turned-donor that was Champion or Reserve Female at all three Texas majors and Grand twice at San Antonio during her show career. Mojito is so deep flanked and thick with powerful, clean bone and feet, great movement and just the right frame size – we think he is the perfect match for our Heat Wave daughters and their kiln that we just can't bear not to try as cows – not to mention his value on purebred cows for F1 or purebred female production. He was born easily, has grown well without any special treatment – we literally just popped him up and took his photo in his pen – had great hair as a calf, and has the best disposition of any Charolais bull we've been around. He is something special and we're bringing him to the sale so you can see for yourself.

The first semen from Mojito is being collected now and we will open sales for fall breeding beginning September 1. However, due to the age of the bull and limited semen inventory, the 150 straws that sell here will be the only semen available for spring breeding this year.

Stop by to take a look. See Mojito at Bar A or at the sale in West. We hope you'll get as excited as we are because we think we've started something special here. Get your best females lined up for a little Mojito on May 24th!

#### Reference Dam Only – Selling Five Sons

This is an extremely stout group of SimAngus bulls that are ready to deliver serious herd-building power for you! Sullivan Ranch was looking for a proven, high-powered Angus cow family when Barbie 9122 was selected in the 2005 Circle of Success Sale as the top-selling female and she has really delivered. She is one of the all-time elite performers in a rich history of elite performers at Partisover Ranch, GA, where her daughter, Star Barbie 3242 remains as a leading and coveted donor. The success of this family in SimAngus circle is amazing. Full sisters to the 3C Macho sons selling here were recently selected as the Champion and Reserve SimAngus Heifers of the 2007 Tulsa State Fair, a Division Champion of the 2007 American Royal, Champion SimAngus of the 2007 Georgia National Fair, and Reserve Champion SimAngus of the 2007 OKC Spring Livestock Show. Additionally, full sisters to the trio of Meyer 734 sons selling here sold for \$6,000, \$5,600, and \$4,500 and another is a popular donor, Partisover PartGirl 9105R, for Bonnell Farms, IN. These sons deserve close inspection as they offer great potential in a wide array of programs. They are the big bodied, correct, muscular kind with extra style. Your cows will thank you.

## Proven Sire Power from Warner Livestock!

OUR BEST SET EVER!

Lot 11

### Warner Austin

BULL Calved: 2006

SIRE: TEJANO  
DAM: RED ANGUS

#### Selling full possession and one-half semen interest

A full brother to the 2007 San Antonio Champion Brahman Steer and to a trio of young females selling here, this young bull was used to clean-up a few of the Warner cows this winter. He is very correct and balanced with a classic head and ear shape, a huge hoof, and excellent muscle shape. He is very long bodied with a great attitude. See his full sisters for proof of the consistency of this pedigree.

WARNER LIVESTOCK

2007 San Antonio  
Grand Champion Brahman Steer

Lot 12

### Warner Meat

BULL Calved: 2006

SIRE: TEJANO  
MGS: WARPATH (MAINE ANJOU)

#### Selling full possession and three-quarter semen interest

One of two proven Warner herd sires we are sharing in this first-time American offering, this black, F1 Tejano son offers tremendous breed-type and plenty of power. He was used to clean-up several of the Warner replacement females and stands out from the rest due to his balanced good looks, powerful muscle shape, and excellent movement.

## Rudy, Rudy, Rudy!

### DSUL Rudy 812

BULL Polled Calved: Spring 2007 BW: 88

SIRE: **HEAT WAVE**

DAM: **RUBY 812 (MEYER 734 X ANGUS)**

*If a sure-fire steer sire is in order for your outfit, then we doubt you'll find one any better for sale this spring than this guy! Rudy has got all the tools you'll need and he is backed by one of the great cows in the business, Ruby 812M. His full brother was a \$7,600 steer prospect last year and Rudy packs plenty of stylish power on to a flexible, properly-sized frame with serious bone, ultimate hair quality, major T&A, and one of the coolest, cockiest necks you'll find. His gorgeous and powerful dam sold for \$9,500 at nine years of age in the 2007 Sullivan Ranch Spring Cow Herd Dispersal and recently produced the \$7,300 top-selling flush of the 2008 Donors Unlimited Sale for new owner, Mimms Cattle, TX. Rudy 812 is no house pet – be sure to take note of his active personality – but he sure is well-bred and good looking, and we'll bet that he'll sire plenty of quality wherever he lands. With the shortage of Heat Wave semen and the proven quality of his dam, this bull will make the ultimate insurance policy next breeding season. Quite a calf!*

MEYER 734

MISS GX 728R

DJ ZEKE BY POWER PLANT

ZEKE 407

CAFFEE TRAVELER 6807

*This powerful Meyer 734 looks like a real cowman's bull and he offers one of the last chances to access the proven power of the great Zeke 407 donor, the best kept secret at Christensen Bros. in South Dakota and a dominant donor at Sullivan Ranch. This bull is extra massive and maternally bent but he also shows tremendous muscle shape for a 734 son and is built well on large feet and bone. His dam has been amazingly consistent over the years and two of her daughters are the famous K01 and K02 donors that are as impressive as any 734 progeny you'll ever see. A full sister to this bull produced \$19,850 from four calves including a Heat Wave son that brought \$12,750, and Randall Lehmborg, TX, purchased a \$4,000 full brother in our 2007 Genetic Progress Sale, while two full sisters averaged \$4,250 in the 2007 Sullivan Ranch Spring Cow Herd Dispersal. This guy will make a great investment for any serious cowman!*

# The Competition Is Mounting...

# It's time for GENETIC PROGRESS

## Welcome to Our Most Versatile and Proven Offering Yet!

Dear Breeders and Friends,

We look forward to seeing you again this Memorial Day weekend in West, Texas for the fifth – and best – edition of our Genetic Progress Sale. Thank you for your interest in the cattle and the Sullivan Ranch, Bar A, and Warner programs. Please feel free to contact any of the Genetic Progress Partners or myself should you have any questions concerning the cattle you find in this booklet.

The Genetic Progress Sale has proven itself over the past four years to be a valuable source of great cattle and great buys, and we're extremely proud of the satisfaction our customers have achieved with their purchases. With all due respect to the cattle that have come before, we feel like we've really got something special to offer to you this spring. Our fifth sale features a tremendous selection of bulls, females, and frozen genetics that is without a doubt the most proven and versatile yet.

For starters, this is the largest group of mature females we've ever offered. The group is highlighted by the dispersal of the 1998 and 1999 model cows in the Sullivan Ranch/Bar A partnership. These are the ones we would not turn loose before, and they are the sources of several top-sellers and winning show prospects over the years. Sure, they have a little age on them but we have sorted out any problems and there plenty of good left to come from them; many are donor-quality whether we got around to flushing them or not. We know they will yield some great successes, and quickly.

Next, thanks to Dr. Gary Warner, this is our first offering of American genetics in both the bull and female divisions. Dr. Warner's program has been churning out the winners recently and he is bringing a well-bred, well-prepared set to West. If American cattle are your thing, you'll want to pay special attention here.

Lastly, this is the largest offering of frozen embryos and the best set of bulls we've ever been able to put together for this event. The embryos hold great promise with their proven pedigrees, and the bulls have been culled closer and built better than ever before. Special highlights include the first-ever embryos offering from Sullivan Ranch's great Sadie 634F donor and a very unique selection of Charolais and American herd sires.

We hope you will join us for an important Genetic Progress Sale in West and we encourage your pre-sale visit and inquiries. We've brought out a great group of cattle to make your Genetic Progress that much easier and cost-effective in 2008 and beyond. Here's to taking all of your favorites home with you!

As always, please do not hesitate to contact me if I may be of any assistance to you in your selection process.

Enjoy the spring,  
Craig M. Reiter, Sale Manager

ANGUS

AI 11/07 to The Witch Doctor – PE 12/15-1/07 to DSUL Outlaw (Foreplay x 829 Calamity Jane) – Safe to The Witch Doctor – Due approx. 8/16

The next big thing from the incomparable Sadie 634F donor at Sullivan Ranch, this smokin' quarter-blood Simmental blends the best blood in the outfit into a fine, powerful form. It's next to impossible to find a hole in this young heiress and she is bred to perform on a very high level. Her gorgeous and powerful donor dam does everything right and her progeny have been customer favorites and sale toppers for several years. Sadie 634F works with everything. Her most famous daughter is DSUL Sadie Lady 0634K, the \$20,000 top-seller of the 2006 Holiday Classic Sale for Tolle Show Cattle, KY, and our 2007 Genetic Progress Sale featured a gorgeous daughter, DSUL Sadie's Destiny by Meyer 734, that sold for \$8,800 to Ernest Fulton, TX. The very best heifer we raised in 2005 was another daughter by Meyer 734 that died just before our production sale that year but her full sister, DSUL Gracey 4634, is one of our top, young donors and the dam of the exciting heifer calf selling here. Sadie 634F has also produced a \$9,500 son that was Reserve Champion Steer of the Ohio AGR Preview for the Gilbert family, OH, a daughter by Full Flush that sold for \$9,800 to Ray Farms, IL, and her sons by Cunia sold for a \$3,625 average to Atterholt Farms, OH, and Johnson Cattle, TX, as well two sons by Meyer 734 that averaged \$3,850 in the 2007 Sullivan Ranch Spring Cowherd Dispersal where full sisters were featured and sold to Boswell Cattle, IA, and Gregory Farms, OK. This family earns and produces with the best of anything we know of. Owning a young daughter like this one is an investment that will pay and pay!

Sadie 634F

DSUL Sadie Lady

**Lot 100B – Embryos of Sadie 634F**

Three embryos by Heat Wave

Available for pickup or shipping sale day

The first-ever embryo offering from Sadie 634F! We told you she does everything right – except produce embryos – so grab on to these precious commodities while you can! Guaranteed power!

**Lot 100C – DSUL Sydney 4634**

FEMALE Horned Calved: Fall 2007

SIRE: HEAT WAVE

DAM: DSUL GRACEY 4634 (MEYER 734 X SADIE 634F)

Sells open

It's show time. It's major donor time. It's power in the blood time. It's just plain time you owned a piece of this great family of cattle. This heifer has it all and we're offering her here to give you a sample of what the Sadie 634F family will produce for you. Her young, donor dam is a rising star at Sullivan Ranch and she put the cool front, stout, hairy look into all of her first calves, and this special heifer calf is the best of the lot. Own her now because when she's a four year old donor, you will likely not be able to afford her. With her pedigree and unreal design, she may just be the most valuable female in this sale!

145E MISS SUMMIT

Here is a great selection to add some real power to your next crop of Herefords or some problem-free quality to your next crop of crosses. This bull is as complete and intriguing as any we will offer. His predictable dam is a full sister to the trendsetting Hereford sire, DB Gland Slam, and he is the product of a deep flush that also produced Montana Deppe's 2008 Iowa Expo Champion Hereford Steer and Sarah Stream's 2008 Missouri Beef Expo Reserve Champion Hereford Heifer that sold for \$7,500 in the 2007 Sullivan Ranch Spring Cow Herd Dispersal. First Base 116-2 offers impeccable design and movement with an impressive top and quarter shape, stout bone, and great leg and body hair. Expect him to make some major waves in any program!

# The 28D Family... Maria the Great!

## Lot 102A – DSUL Maria's Girl 28

FEMALE Scurred Calved: Spring 2002

SIRE: CHAZ FIRST CHOICES

DAM: DSUL MARIA 28D (POLLFLECTION X ANGUS)

PE 12/05-1/15 to DSUL Smoke Signal – Due approx. 10/13

A proven daughter of one of our best families and a sister to the 102B and 102C females selling here as well as the donor dam of Lot 102D, be sure to look this female up at the sale. Her foundation dam, DSUL Maria 28D, is the source of an incredible string of successes at Sullivan Ranch. Her progeny consistently make profits and have proven their ability to reproduce quality over time. Her amazing line of successful cattle includes two First Choice daughters that topped the 2004 Club Calf Sale at Sullivan Ranch at \$7,200 and \$5,000, and an amazing daughter by Cookie Monster, DSUL Katie 503K, was the \$10,000 top-seller of the 2004 Genetic Progress Sale to Mimms Cattle, TX. A daughter by Dawson was Grand Champion of the 2004 Ft. Worth Stock Show Jr. Limousin Show, and 28D is also the dam of DSUL Nicole 328, the \$19,000 valued top-seller of the 2005 Genetic Progress Sale and the dam of a \$9,600 bred heifer in the 2007 Sullivan Ranch Spring Cow Herd Dispersal. Most recently, a 28D daughter was Reserve Grand Champion Limousin Female of the 2008 San Antonio Livestock Show and another sold for \$7,800 in this spring's Sullivan and Bar Calf Sale. So many daughters of 28D by Cookie Monster and First Choice have been show winners that we cannot list them here, and so many of her bull and steer calves have sold well that we're not sure that we even remember all of them. One thing we do remember, however, is that DSUL Maria 28D is our go-to-girl for genetic consistency and quality every time! An investment in this great family is never a bad move!

SULLIVAN RANCH

## Lot 102B – DSUL First Maria 28-1

FEMALE Scurred Calved: Spring 2005

SIRE: CHAZ FIRST CHOICES

DAM: DSUL MARIA 28D (POLLFLECTION X ANGUS)

PE 12/21-2/25 to Bold Statement – Due approx. 11/04

A big-time female on the move, this young cow is going to be a special producer. Her full sister was Grand Champion Limousin Female of the 2006 Houston Livestock Show, and very first daughter sold in the 2008 Sullivan and Bar A Calf Sale and is a striking, long necked, big bodied heifer that will be shown this season by the Vince Elder family, TX. Own this young, royally-bred Maria 28D daughter and never look back.

SULLIVAN RANCH

## Lot 102C – DSUL Hanna Maria 28-4

FEMALE Polled Calved: 9/28/07

SIRE: HANNIBAL

DAM: DSUL MARIA 28D (POLLFLECTION X ANGUS)

Sells open

One of two young heifers from the Maria 28D line that sell here, this Hannibal daughter is way-stout, cool, and hairy. A heifer with much the same pedigree – Hannibal x First Choice x Maria 28D – was a Reserve Division Champion for Charlie Campion in Houston in 2007.

SULLIVAN RANCH

## Lot 102D – DSUL Kayla 503-1

FEMALE Horned Calved: Fall 2007

SIRE: HEAT WAVE

DAM: DSUL KATHY 503K (COOKIE MONSTER X DSUL MARIA 28D)

Sells open

This is one to be sure load up and take home. We are getting the first calves from the DSUL Kathy 503, a \$10,000 top-seller of our second Genetic Progress Sale now owned by Mimms Cattle, TX, and they are really looking the part. Two full brothers to this big bodied, good looking heifer sold well this spring and the flush was very consistent. This girl is flat good!

FEMALE Polled Calved: Fall 2007

SIRE: **CHUNKY MONKEY**

DAM: **MISS WHO 33/89** (TAKE CHARGE X LSC MISS GLORY 411C)

**Sells open**

One of the best genetic improvement opportunities we can offer is this chance to select your favorite daughter of the limited Chunky Monkey and DSUL Miss Who 33/89, the full sister to Who Made Who. These are the only two heifers we got from this flush that also produced a studly steer calf that sold for \$16,500 in the 2008 Sullivan Ranch and Bar A Calf Sale to Mark Copus, TX. This flush of cattle represented the very first calves we got from the Miss Who donor before she sold for \$10,500 to Murray Farms, OH, in our 2007 Spring Cow Herd Dispersal. The consistency and raw power in this flush was amazing – don't miss this special "breeder's choice"!

### Lot 104B – DSUL Chunky Who 33/89-1

FEMALE Polled Calved: Fall 2007

SIRE: **CHUNKY MONKEY**

DAM: **MISS WHO 33/89** (TAKE CHARGE X LSC MISS GLORY 411C)

**Sells open**

Another very stout full sister to the \$16,500 second top-seller of our 2008 calf sale, this pair of sisters will knock you over with their shear muscle and body mass while still remaining very loose structured and balanced. We never thought we'd sell either of these two heifers; we should have never sold their mother. Don't get us started. Own one of these before we get smarter.

FEMALE Scurred Calved: Spring 2004  
 SIRE: MEYER 734  
 DAM: CAFFEE 490 (THE WITCH DOCTOR X ANGUS)

PE to DSUL Smoke Signal - Due approx. 10/13

This young and impressive Meyer 734 daughter is a tanky, complete breeding piece with a timeless pedigree. If you could have seen her super-stout, red dam walking around the pastures of South Dakota there is no way you could pass this one up. She gave us one of the best natural heifer calves in our 2007 crop that sells here, and there is so much great maternal genetics in this female that we know her new owner is going to really get something special here. A silver Smoke Signal will be a nice coupon to clip here!

## Lot 106A - DSUL Cally 490

FEMALE Polled Calved: Fall 2007  
 Sire: HEAT WAVE  
 Dam: LES'S GIRL 490

Sells open

This great-looking baldie show and donor prospect has been a favorite since birth and she continues to improve with time. She is smooth, and thick, and great haired with a neat design and sound movement.

SULLIVAN RANCH

## DSUL/HIM Rebecca 08

FEMALE Horned Calved: 2000  
 SIRE: FULL THROTTLE  
 DAM: DRAFT PICK X ANGUS

PE 12/05-1/15 to DSUL Smoke Signal - Due approx. 10/08

We purchased this proven performer from MICA Cattle, IA, after she produced a string of great cattle including the AI sire bull We Got Him and an Alias bull calf that MICA retained for their use and semen sales. She is an extreme beauty with tremendous lines and a correct, clean design. Expect power time after time!

## Lot 107A - DSUL Reba 08

FEMALE Polled Calved: Fall 2007  
 SIRE: HEAT WAVE  
 DAM: DSUL/HIM REBECCA 08

Sells open

Make a great investment in this big boned, super haired, sowy daughter of the well-proven Rebecca 08 donor. Two maternal brothers have been promotion-quality and a string of other siblings have been top-sellers for MICA Cattle, IA.

SULLIVAN RANCH

## DSUL Bonnie 977

FEMALE Polled Calved: Spring 1999  
 SIRE: WHO MADE WHO  
 DAM: RT 77 (SM X AN)

AI 11/27 to Heat Wave I - PE 12/05-1/15 to DSUL Smoke Signal - Too close to call - Due approx. 9/15

This remarkable and powerful Who Made Who daughter has been a tremendous production machine for several years. We never got around to getting her flushed but she is sure worthy. A son by Heat Seeker sold in Iowa for \$7,200 and a gorgeous daughter by The Witch Doctor brought in \$5,400 while another daughter by Mossy Oak sold for \$2,800. This cow puts a good calf in the sale every year and she is a problem-free female in the field.

## Lot 108A - DSUL Bailey 977

FEMALE Polled Calved: Fall 2007  
 SIRE: HEAT WAVE  
 DAM: BONNIE 977

Sells open

This is proof of how you should breed the Bonnie 977 cow that sells here. This Heat Wave daughter is very flashy and long necked with great hair - check her ears for proof of what she had - and she is backed by a hard working, predictable cow.

DSUL TANK 16B

ANGUS

AI 11/27 to Heat Wave I – PE 12/05-1/15 to DSUL Smoke Signal – Safe to DSUL Smoke Signal – Due approx. 10/17

Another "must-have" for the serious cowman, this fabulous daughter of the foundation Sullivan Ranch donor, DSUL Tank 16B, is really something to see and she'll most certainly be something great to own. Her name says it all. We think she is the best Meyer 734 that Tank 16B ever produced and we kept her just to see, got her flushed, and now we're ready to share her with you. She had some pretty stiff competition when you consider that her full sisters have sold for \$12,000 and \$6,500 in past Genetic Progress Sales where ten full brothers have sold for the average price of \$3,300. Our customers rave about their 16B progeny and we love ours as well. The Grand Champion Exotic Female of the 2008 Houston Livestock Show was produced from a 16B daughter by Full Throttle whose full sister sold for \$5,500 in the 2007 Sullivan Ranch Spring Cow Herd Dispersal, and let's not forget that another 16B daughter by DeBull is the priceless dam of Friction owned by Nathan Canaday, IN. Other Tank 16B progeny have been champions and top-sellers around Texas, and a son by Full Throttle, DSUL Full Tank, sold for \$10,000 to Tony Meyer, TX. We wish we had a hundred more to tell you about but at nearly 17 years of age, Tank has reached the end of her productive life. There will not be many more chances to access the power of this great family and this impeccable female offers you perhaps your greatest chance yet. Predictable production and longevity are bred-in. Own this one. She will not let you down!

One of the best kept maternal secrets at Sullivan Ranch used to be the strength of the 48G donor. Our customers have gotten the point as this family has continued to bring outstanding females to each of our sales and they have become some of our most prized cattle. The impressive, young female selling here is a full sister to a string of front-running females that are making top performers around the country. 48G and 734 combine for muscle, hair, and body like no other combination we've tried. James Sullivan showed the first Meyer 734 x 48G female in Iowa and she has gone on to make a gorgeous, big-league donor for him, and now there are over 17 full sisters in production. The 2006 Holiday Classic Sale featured two daughters that sold for \$7,800 and \$7,500 and another was featured in the 2007 Cowtime Sale. Spencer Roberts, TX, showed a Meyer 734 x 48 daughter that won all over Texas and another full sister, DSUL Little Beth 48-3, was the \$9,000 top-selling full interest bred heifer of our 2007 Spring Cow Herd Dispersal. The most recent calf from this big bodied, smooth-powered powerful female was a Heat Wave heifer that sold for \$2,800 this spring and there is much more to come here. Expect plenty of muscle and a consistent, great look from the calves you'll get from this special female.

A Sullivan Ranch donor and a former top-selling Meyer 734 daughter from the Exposure Sale, this great female does her job on a high level and is a descendant of a Kris Black cow family that was very successful. This cow hits with everything and looks great doing it. Her most recent calf was a dazzling daughter by Who Da Man – she is bred for a full sib - that sold this spring in the Sullivan and Bar A Calf Sale for \$7,700 and we sold a Friction son last spring for \$2,500. Every other calf has made the sale and this cow is capable of delivering something really special. Give her a try and find out!

A legend at Sullivan Ranch, this great donor ranks with the best of the club calf producers we have ever worked with. Her string of success is hard to keep track of because so many have sold well and went on to be winners. A son by Black Rhino was selected as the Champion Chi Steer of the 2006 San Antonio Livestock Show for the Rhode family after selling for \$5,500 in the Sullivan and Bar A Calf Sale. Another son by Hurricane won several times for Logan Lastovica and was a class winning AOB steer at Houston in 2004, and his sister by Heat Wave sold for \$3,900 in the 2007 Sullivan Ranch Spring Cow Herd Dispersal, and another brother by Tidal Wave sold for \$3,200 last fall. Several more calves have brought nice premiums over the years and, while Crystal 867 lost one of her eyes a few years ago, this cow is still as strong as ever and she will no doubt profit quickly for her lucky new owner. We used her, but we didn't use her up. Bid with confidence!

This registered, purebred Simmental is one of the more eye-appealing females in the Sullivan Ranch herd and one of the most profitable as well. She has worked well with a number of different bulls including Heat Wave 1, the sire of her last calf, a heifer that sold for \$2,000 this spring, and her current service sire. In 2006, she produced a stout son by Black Rhino that sold to Jackie Nolte of New Braunfels, TX, and a son by Heat Seeker brought \$2,900 the year before that. A steer from this one will make her mighty cheap, mighty quick!

PE 12/12-2/25 to DSUL Tidal Wave – Due approx. 11/05

Sullivan Ranch selected this wonderful performer from over 200 heifer calves at K-Bar Ranch, OK, because she was so different than the rest due to her tremendous style and body shape. She has never disappointed in production by putting a premium baby in the calf sale every spring. Her best effort was a tremendous daughter by Full Flush 602 that sold in 2007 to the Rhode family, but other calves by Heat Wave, Monsoon, and Q-Dog have been stout and flashy. Consider her as a donor female for her consistent quality and performance!

# The Deepest Cut Ever from Bar A!

## 203 Bar A 428

FEMALE Calved: Fall 2004  
SIRE: TAZ  
DAM: MEYER 734 X DSUL ANGUS DONOR 709

AI 11/30 to 20X – PE 12/15-2/15 to Tidal Wave – Safe to 20X – Due approx. 9/08

A choice selection from the young females at Bar A, this solid-black Taz daughter is the right size with a powerful hip and rib shape. She milks especially well and is extra loose-made with a pedigree that is very versatile in the breeding pen; her dam was a standout daughter Meyer 734 from the accomplished 709 Angus donor at Sullivan Ranch. This mating to 20X, the sire of the 2007 San Antonio Champion Charolais Steer, could be amazing as this cow has all the tools to work with him. A 20X daughter is the best replacement heifer at Bar A this spring.

BAR A CATTLE

Mark Sneed

Lot 203

## 204 Bar A 757

FEMALE Calved: 1997  
SIRE: FOREPLAY  
DAM: SM X AN

PE 12/22-1/23 to Hoo Bear and 1/23-2/26 to Bold Statement – Safe to Bold Statement – Due approx. 11/08

An older female with a stellar production record, this extra-stout, giant footed, Foreplay daughter really breeds on. As you would expect from a cow with this type of size and power, two of her sons by The Godfather and Heat Seeker have been sold as herd bulls, and a daughter by Full Flush 602 was also sold as a show heifer. Her Godfather son is being used by several prominent American breeders in the Pleasanton, TX area with excellent success, and she has been consistent and profitable enough to be flushed. There is plenty of productive life left in this female and she will no doubt be one of the “easy money” selections in the sale.

BAR A CATTLE

Mark Sneed

Lot 204

## 205 Bar A 40

FEMALE Calved: 1999  
SIRE: MEYER 734  
DAM: ANGUS

PE 12/15-2/15 to Monsoon – Due approx. 10/21

Another of the proven females that Bar A is reluctantly turning loose, this strip-faced, moderate-framed 734 daughter is smooth and powerful with excellent feet and leg placement and a high-quality udder. Her 2007 bull calf by Heat Wave I sold for \$2,800 in the Sullivan and Bar A Sale this March and other calves have been retained or sold in past sales. This cow offers a beautiful, sound profile and she will produce for many years to come.

BAR A CATTLE

Mark Sneed

Lot 205

## 206 Bar A 184

FEMALE Calved: 1999  
SIRE: MEYER 734  
DAM: ANGUS

PE 12/21-2/15 to Monsoon – Due approx. 10/21

This dispersal of proven cows from Bar A and Sullivan Ranch gives you a great opportunity to load a set of performance-proven females, and this star-headed female should certainly make the list. She is long fronted, very feminine and milky, and she has put three calves in the Sullivan and Bar A Calf Sale over the last 4 years. She'll work with Monsoon, sire of the Champion Exotic Steer at San Angelo in 2008 and the Champion Middleweight Simmental at Houston in 2008; both from the Bar A program.

## Bar A 5328

FEMALE

Calved: Fall 2005

SIRE: **TOTALLY TUNED**

DAM: **BAR A 8328 (HOO DOO CHAROLAIS)**

**PE 2/15-2/22 to Bold Statement – Due approx. 10/12**

*A favorite at Bar A, this Tuned x Hoo Doo combo is going to be a special cow. She is very complete with a stout hip and good hair. Her young dam has already put two in the Sullivan and Bar A Calf Sale, and her brothers-in-blood have been a class winner in Houston and a placing steer in San Antonio. This one will make great property for years to come!*

BAR A CATTLE

Lot 221

## Bar A 553

FEMALE

Calved: December 2005

SIRE: **AMMO**

DAM: **BAR A 218J (FULL THROTTLE X PISTOL PETE)**

**PE 11/29-2/22 to Bold Statement – Due approx. 9/11**

*Here is a sharp hipped, choke necked, brockle-faced Ammo bred heifer from the full sister to Full Form. She is sound and cool made and ready to win with Bold Statement!*

BAR A CATTLE

## 222 Bar A 667

FEMALE Calved: Spring 2006

SIRE: **BK EUCHEE**  
 DAM: **DSUL NO FEAR 970M** (FEAR THIS X THE WITCH DOCTOR)

AI 11/30 to Taz – PE 12/24-2/15 to **DSUL He's a Tank** (Meyer 734 x DSUL Tank 16B) – Safe to Taz – Due approx. 9/08

A long fronted, good looking, high percentage Maine-Anjou female coming with her first calf, the dam of this heifer was the Grand Champion Maine-Anjou Heifer at Fort Worth in 2004 and arguably the heaviest milking, easiest fleshing Maine Anjou we've ever seen. Two full sisters and one full brother to this bred heifer sold as show prospects a year ago and the consistency of this pedigree has been excellent. Taz is a great mating here.

BAR A CATTLE

Lot 222

DSUL No Fear 970M

## 223 Bar A 82

FEMALE Calved: Fall 2005

SIRE: **GVC INCREDIBULL BY JAZZ**  
 DAM: **MA X AN**

PE 11/29-2/22 to **Bold Statement** – Due approx. 9/11

This young Incredibull daughter is a very complete package that did a nice job with her first calf by an Angus bull last fall. Her sire, Incredibull, is a Jazz son that left some excellent females at Bar A and he always transmitted his extra muscle shape.

BAR A CATTLE

Lot 223

## 224 Rhode 500

FEMALE Calved: Fall 2005

SIRE: **TAZ**  
 DAM: **DOCTOR WHO X DEITER CHIANGUS**

AI 1/13 to Pud (by Total Solution) – Due approx. 10/21

A Taz bred heifer whose dam was a really nice show heifer for the Rhode family by Doctor Who. She is safe to Corky Wise's top calving-ease bull.

RON RHODE CATTLE

## 225 Bar A 5422

FEMALE Calved: Fall 2005

SIRE: **TOTALLY TUNED**  
 DAM: **BAR A 1422** (SIMMENTAL X HOO DOO CHAROLAIS)

PE 12/15-2/22 to **Bold Statement** – Due approx. 9/27

Another stout, young Tuned daughter with her whole life in front of her, this brockle-faced female is extra big ribbed, and heavy muscled, with tremendous shape and a potent shot of Hoo Doo Charolais on the bottom side. She could really work to Bold Statement, the impressive and proven, THF son of About Time.

BAR A CATTLE

## 226 Bar A 350

FEMALE Calved: March 1, 2006

SIRE: **SUN SEEKER**  
 DAM: **ANGUS**

AI 11/02 to **Carneyman** – PE 11/08-1/15 to **GCC Grizzley** – Safe to **GCC Grizzley** – Due approx. 9/11

Absolutely the most incredible bone and leg hair we've produced on a bred heifer! This one is worth the price of the diesel fuel to see her, and if she won't raise a stout show prospect then nothing will!

BAR A CATTLE

Lot 226

# Our Stoutest Female Offering Ever!

## Bar A 313

FEMALE Calved: March 18, 2006

SIRE: HEAT WAVE  
MGS: FOREPLAY

PE 11/08-1/15 to GCC Grizzley – Due approx. 9/11

*This is one seriously stout Heat Wave daughter! If you can find one stouter, hairier, softer, or longer fronted: we want to see her. Wow! Breed this one to Mojito and bring it home!*

BAR A CATTLE

## Bar A 327

FEMALE Calved: Spring 2006

SIRE: WAZN'T ME  
DAM: ANGUS

AI 11/02 to Carneyman – PE 11/08-1/15 to GCC Grizzley – Safe to Carneyman – Due approx. 8/08

*Quite a cow prospect by Wazn't Me, this heifer is smooth, sound, and complete in every way!*

BAR A CATTLE

## Bar A 335

FEMALE Calved: March 14, 2006

SIRE: WAZN'T ME  
DAM: ANGUS

AI 11/01 to Carneyman – PE 11/08-1/15 to GCC Grizzley – Safe to Carneyman – Due approx. 8/07

*This is one you need to be sure to see! She is a top choice from the keeper pens and she offers a powerfully complete design with immense bone and body shape and the look of a lasting, winning producer!*

BAR A CATTLE

## Bar A 334

Shorthorn Female Calved: March 16, 2006

SIRE: RED VISION  
DAM: ROAN ROSE

AI 11/02 to Total Solution – PE 11/08-1/15 to GCC Grizzley – Safe to GCC Grizzley – Due approx. 9/16

*A purebred Shorthorn female with some stout cow genetics, this Red Vision daughter is big boned and great haired yet very sound and feminine.*

BAR A CATTLE

## Bar A NT

FEMALE Calved: Spring 2006

SIRE: HURRICANE

DAM: MA X AN

AI 11/02 to Carneyman – PE 11/08-1/15 to GCC Grizzley – Safe to GCC Grizzley – Due approx. 9/23

Here is a big bodied, good haired Hurricane daughter that is the kind that really clicks with Super Bad. This one will make a lasting cow with extra bone and flank.

BAR A CATTLE

## Bar A 366

FEMALE Calved: March 27, 2006

SIRE: FRICTION

DAM: MEYER 734 X ANGUS

AI 11/02 to Total Solution – PE 11/08-1/15 to GCC Grizzley – Safe to Total Solution – Due approx. 8/08

A top cow prospect by Friction and out of a consistent dam by Meyer 734, this black and white bred heifer is complete, loose, sound, and feminine. She'll work!

BAR A CATTLE

## Bar A 275

FEMALE Calved: Spring 2006

SIRE: SUNSEEKER

DAM: BAR A 275 (MEYER 734 X CHRISTENSON ANGUS)

AI 12/20 to OCC Just Right – PE 12/24-2/15 to DSUL He's a Tank (Meyer 734 x DSUL Tank 16B) – Safe to OCC Just Right – Due approx. 9/27

This big boned, long fronted Sunseeker daughter has plenty of look and all the tools to work. Her dam, Bar A 275, is one of the very best Meyer 734 daughters at Bar A with one of the prettiest udders on the place. The 2007 maternal sister to this bred heifer was an outstanding one by Heat Wave that sold as a show heifer this spring. This mating to Griswold's Just Right could produce an outstanding heifer.

BAR A CATTLE

## Bar A 449

FEMALE Calved: March 14, 2006

SIRE: MOSSY OAK

DAM: MA X AN

AI 11/02 to Carneyman – PE 11/08-1/15 to GCC Grizzley – Safe to Carneyman – Due approx. 8/08

Complete, correct and built with power – you'll think of plenty of ways to make this one work for you!

BAR A CATTLE

## 235 Bar A 266

FEMALE Calved: Spring 2006

SIRE: **DOCTOR WHO**  
DAM: **MA X AN**

**PE 11/08-1/15 to GCC Grizzley – Due approx. 8/17**

*This big barreled Doctor Who daughter is very deep and loose made with impressive top and quarter shape. Her service sire is a low birth Grizz x Black Bear combination that sires consistent quality; a daughter was a Division Champion of the 2007 ACA National Show for Morgan Lehnert, TN.*

BAR A CATTLE

## 236 Bar A 341

FEMALE Calved: April 8, 2006

SIRE: **FRICTION**  
DAM: **ANGUS**

**PE 11/08-1/15 to GCC Grizzley – Due approx. 8/25**

*Here is a smooth, correct, and attractive Friction daughter safe to the consistent Super Bad!*

BAR A CATTLE

## 237 Rhode 610

FEMALE Calved: Spring 2006

SIRE: **OCC ANCHOR 482E**  
DAM: **FULL FLUSH X DSUL MEYER 930**

**AI 1/12 to Pud (by Total Solution) – Due approx. 10/20**

*The dam of this moderate, easy-keeping bred heifer is a past Reserve Champion Chi Female in San Antonio. Rhode's Anchor 482E daughters are making great cows with perfect udders and great milk flow.*

RON RHODE CATTLE

## 238 Bar A 734

FEMALE Calved: Fall 2007

SIRE: **DSUL CALAMITY MEYER (MEYER 734 X CALAMITY JANE)**  
DAM: **BAR A 34 (ANGUS)**

**Sells open**

*The sire of this fall open heifer, DSUL Calamity Meyer, was only used one season due to an injury but he made an impact with the quality of his daughters. They look amazing and this heifer is no exception. She has no Maine Anjou or club calf blood in her pedigree. Breed her to anything!*

BAR A CATTLE

## 239 Bar A 676

FEMALE Calved: December 2006

SIRE: **MONSOON**  
DAM: **9376 HOO DOO CHAROLAIS**

**Sells open**

*Another stout silver female, this Monsoon daughter is super thick and built right to work. Her moderate frame score and cool, compact design make her a must-have for Texas steer production, and the Monsoon x Hoo Doo cross has been a great one at Bar A. The Champion Exotic Steer at San Angelo and the Champion Middleweight Simmental Steer in Houston this year were bred just like this female.*

BAR A CATTLE

## 240 Bar A 758

FEMALE Calved: March 2007

SIRE: **HANNIBAL**  
DAM: **DSUL 497 (FIRST CHOICE X DSUL MARIA 28D)**

**Sells open**

*Produced from one of the most consistent matings Bar A has ever had, this striking Hannibal daughter traces to the great Sullivan Ranch foundation donor, Maria 28D. Four full sisters have been shown and they have collected many banners including the Reserve Division II Champion ORB Female of the 2007 Houston Livestock Show. Bar A has two full sisters already in production and they show perfect udders and tremendous milking ability. This pedigree has produced Champion Chi and Limousin cattle and we always count on quality with the 28D family.*

# Warner Livestock

Selling 28 Bred and 22 Open Females

## Our First-Ever American Female Offering!

### Warner "Suzie"

FEMALE Calved: 2003

SIRE: HABANERO  
DAM: BRANGUS

**AI 1/10 to Lard Ass – Exposed to Easy Money – Safe – Est. due 10/18**

Produced from a Warner donor whose full brother was selected as the 2005 State Fair of Texas Champion Brangus Steer, this special female may be your next American donor. She is extremely complete with excellent breed character, a great body shape, high-quality udder design, and an awesome hip and muscle pattern. She is bred to make an upper-level producer and she has plenty of years to fulfill her destiny. This one will take you places!

WARNER LIVESTOCK

### Warner 108

FEMALE Calved: 2005

SIRE: THE GODFATHER  
DAM: BRANGUS

**AI 9/20 to Lard Ass – Exposed to Carne 7 – Safe – Est. due 6/30**

Bred a lot like Warner's Carne 7 herd sire, this young, black/tiger-striped female is destined to do some great things. She'll be one of the stoutest females in the offering due to her huge feet and bold rib shape yet she is very correct and attractive and bred for a hot one right out of the gate!

WARNER LIVESTOCK

### Warner 22X

FEMALE Calved: 2004

SIRE: LARD ASS  
DAM: MAINE-CROSS

**AI 12/27 to Money Shot – Safe – Est. due 10/05**

Another young Lard Ass daughter, expect this female to be a top producer for years to come. This mating to Money Shot has potential for a great steer calf as this solid-black youngster is very thick and correct with plenty of bone and just enough navel to get the job done.

WARNER LIVESTOCK

### Warner 364

FEMALE Calved: 2004

SIRE: LARD ASS  
DAM: MAINE-CROSS

**Exposed to Money Shot – Safe – Est. due 11/30**

A stout and valuable female that has done a good job in production. Grab on to these young Lard Ass daughters; they have been the foundation of many of the top-sellers at Warner Livestock that last few years.

WARNER LIVESTOCK

## Warner Livestock Reference Sires

### Tejano

(Charlie Jazz x Remington Manso) Our proven sire of champions with a deep Hudgins pedigree and the proven ability to sire consistent quality. His moderate frame score, fertility, and maternal milking ability combined with more than adequate muscle for a Brahman make Tejano a valuable resource in the breeding pens. Sire of the 2007 San Antonio Champion Brahman Steer, among others.

### Carne 7

(The Godfather x Brangus) This bull was bred up from a proven Steiner Ranch female and a tremendous cow family. His Brangus donor dam produced a full brother to Carne 7 that was Champion Heavy Brangus Steer at Houston in 2006 and another son that was Reserve Champion Brangus the same year. Carne 7 sires plenty of power and his calves were among our high sellers again this year.

### Easy Money

(Lard Ass x Draft Pick x 734) A son of our best donor! The dam of Easy Money produced the 2001 and 2005 Champion American Heavyweight Steers at the State Fair of Texas among many other local champions, and Lard Ass has sired numerous Texas major champions including the 2006 San Antonio Champion ARB Steer.

## Warner 42

FEMALE Calved: 2003  
 SIRE: POPEYE  
 DAM: CHAR X

**Sells open**

*A proven Warner donor that sells open due to a late flush, this Charolais-cross female is not for the faint of heart. She is extremely stout and powerful with monster T&A, a cocked neck, and plenty of size and look to get the job done right. We will provide two straws of Tejano to get you started right if you so chose, but there is no going wrong with this high-powered performer. Wow!*

WARNER LIVESTOCK

## Warner 94X

FEMALE Calved: 2002  
 SIRE: PEROT (CUNIA SON)  
 DAM: MEYER 734 CROSS

**AI 12/28 to Money Shot – Exposed to Money Shot – Safe – Est. due 10/06**

*A daughter of Perot, a Cunia son that has proven himself to be a great maternal sire, this black baldie is powerfully built with extreme neck and bone. She is attractive and well-built with tremendous shape and look.*

WARNER LIVESTOCK

## Warner 544P

FEMALE Calved: 2004  
 SIRE: ALI  
 DAM: MAINE-CROSS

**Exposed to Tejano and Austin – Safe – Est. due 10/30**

*The first calf from this Ali daughter was a keeper and there will be much more to come from her. This young, solid-black wide-body is massive and totally maternal in her design with extra width and capacity.*

WARNER LIVESTOCK

## Warner 76

FEMALE Calved: 2004  
 SIRE: LARD ASS  
 DAM: SANTA GERTRUDIS

**Exposed to Carne 7 – Safe – Est. due 10/30**

*We missed this one on photo day but be sure to look her up. Her 2007 steer calf sold for \$3,000 and there is another stout one on the way. She brings plenty to the table as this red-brockle female has a great head and ear shape with an excellent udder and plenty of muscle. She'll deliver!*

WARNER LIVESTOCK

## Warner 611

FEMALE Calved: 2002  
 SIRE: LARD ASS  
 DAM: MAINE ANJOU

**Exposed to Tejano and Austin – Safe – Est. due 10/30**

*Here is another extra-stout Lard Ass daughter that does a very good job. She is safe to Tejano or Austin, sire of the 2007 San Antonio Champion Brahman Steer or his full brother, respectively. A winning combination!*

WARNER LIVESTOCK

## Warner 33

FEMALE Calved: 2001

SIRE: FOREPLAY  
DAM: MAINE ANJOU

AI 1/10 to Money Shot – Exposed to Money Shot – Safe – Est. due 10/18

*This Foreplay daughter will work! She has produced several good steers in a short time and is bred for another strong one by Money Shot. Her extra length and style will pay off nicely here!*

WARNER LIVESTOCK

Lot 309

## Warner 100X

FEMALE Calved: 2003

SIRE: THE WITCH DOCTOR  
DAM: STRICTLY BUSINESS X MEYER 734

AI 10/12 to Hillbilly Deluxe – Safe – Est. due 7/21

*This one will be especially hard to see go. She has been a great cow for Dr. Warner and she does it with style. She is a brockle-faced tank with a rocket neck, tremendous thickness, and a perfect udder. Expect her to deliver with the best every time!*

WARNER LIVESTOCK

Lot 310

## Warner 162

FEMALE Calved: 2003

SIRE: CHILL FACTOR  
DAM: ANGUS

AI 12/27 to Money Shot – Exposed to Money Shot – Safe – Est. due 10/04

*Here is a young, perfectly built Chill Factor daughter that raised a thick, hairy, very docile ABC heifer in 2008 and is bred right for another go around. She milks well from a high-quality udder and is way thicker than you might expect. Get in!*

WARNER LIVESTOCK

Lot 311

## Warner 13

FEMALE Calved: 2003

SIRE: LARD ASS  
DAM: MAINE ANJOU

Exposed to Tejano and Austin – Safe – Est. due 11/15

*A red, level-made female that milks hard and is very feminine. She is bred for a great one!*

WARNER LIVESTOCK

## Warner 364

FEMALE Calved: 2004

SIRE: LARD ASS  
DAM: ANGUS

Exposed to Tejano and Austin – Safe – Est. due 11/30

*Another of our best, young Lard Ass daughters, this female is soft and stout and produced a steer calf that sold for \$3,000.*

WARNER LIVESTOCK

## Warner 40

FEMALE Calved: 2002

SIRE: HUDGINS (BRAHMAN)  
MGS: PEROT (CUNIA SON)

**AI 1/10 to Lard Ass – Exposed to Easy Money – Safe – Est. due 10/18**

*A massive gray Brahman-cross cow with a great design and an attractive profile. She'll be one to tie to, especially with this mating to Lard Ass!*

WARNER LIVESTOCK

## Warner G108

FEMALE Calved: 2005

SIRE: LARD ASS  
DAM: TEJANO X MAINE

**Exposed to Carne 7 – Safe – Est. due 6/30**

*A young Lard Ass daughter, sisters to this heifer have made some top-shelf cows at Warner's. This one offers great feet and legs, ideal udder quality, a long front, and a great big top.*

WARNER LIVESTOCK

## Warner 2

FEMALE Calved: 2003

SIRE: HABANERO  
DAM: MAINE-ANJOU X ANGUS

**Exposed to Tejano and Austin – Safe – Est. due 11/15**

*Produced from a dam that has had several ABC calves place in the Texas majors, this Habanero daughter offers a level design and is powered-up with a big, wide hip and long, cool front. Her calf will be one of your easiest to sell!*

WARNER LIVESTOCK

2006 Houston Livestock Show Reserve Grand Champion ABC Steer  
Bred by Warner Livestock

2006 San Antonio Livestock Show Grand Champion AOB Steer  
Sired by Lard Ass

## Warner G40

FEMALE Calved: 2006

SIRE: TEJANO  
DAM: MAINE ANJOU

**Sells open with an Angus/Brangus bull born 4/17**

*This big bodied, exceptionally thick female is a daughter of a top Warner donor by Perot that stamped her calves with extra maternal ability. You'll have an easy time finding this one at the sale due to her extreme top and quarter shape, very correct design, and classic-American good looks. A top choice in a deep set of females – check her calf for proof!*

WARNER LIVESTOCK

## Warner G7

FEMALE Calved: 2002

SIRE: THE WITCH DOCTOR  
DAM: ANGUS

**Exposed to Austin – Sale – Est. due 5/30**

*Due for a late spring calf by Austin, this Witch Doctor daughter has been an excellent producer. She is smaller framed with a very sharp, square hip, extra length of front, and one of the biggest tops in the offering. She keeps easily and milks well.*

WARNER LIVESTOCK

## Warner 3

FEMALE Calved: 2003

SIRE: DOUBLE VISION  
MGS: WARPAT

**Exposed to Tejano and Austin – Sale – Est. due 11/30**

*This young, blue-roan female offers an interesting combination for success. She is smaller framed than her contemporaries but packs plenty of muscle on to a wide, well-built frame.*

WARNER LIVESTOCK

# The Warner American Bred Heifers

## Warner 116

FEMALE Calved: 2006  
 SIRE: TEJANO  
 DAM: MAINE ANJOU

*Exposed to a purebred Angus bull and a purebred Brangus bull – Safe – Est. due 7/30*

*A special selection from the young Warner replacements, this heifer offers a very stylish design with great character and plenty of shape and stoutness.*

WARNER LIVESTOCK

## Warner 109

FEMALE Calved: 2006  
 SIRE: TEJANO  
 DAM: MAINE ANJOU

*Exposed to a purebred Angus bull and a purebred Brangus bull – Safe – Est. due 6/30*

*The dam of this bred heifer has been excellent, and this long necked, balanced heifer looks a lot like her.*

WARNER LIVESTOCK

## Warner 98

FEMALE Calved: 2006  
 SIRE: LARD ASS  
 DAM: SANTA GERTRUDIS

*Exposed to a purebred Angus bull and a purebred Brangus bull – Safe – Est. due 7/30*

*A dark red, huge boned heifer with some tools to work!*

WARNER LIVESTOCK

## Warner 91

FEMALE Calved: 2006  
 SIRE: TEJANO  
 DAM: MAINE ANJOU

*Exposed to a purebred Angus bull and a purebred Brangus bull – Safe – Est. due 6/30*

*Deep and thick and easy-keeping – the right kind to build with!*

WARNER LIVESTOCK

## Warner 118

FEMALE Calved: 2006  
 SIRE: LARD ASS  
 DAM: BRANGUS

*Exposed to a purebred Angus bull and a purebred Brangus bull – Safe – Est. due 6/30*

*A Brangus brother to this bred heifer was kept for use in the Warner herd and this heifer offers a great hip and a correct design.*

WARNER LIVESTOCK

## Warner 129

FEMALE Calved: 2006  
 SIRE: HABANERO  
 DAM: BRANGUS

*Exposed to a purebred Angus bull and a purebred Brangus bull – Safe – Est. due 6/30*

*Several sisters to this heifer are working in the Warner outfit and this heifer is very correct and attractive.*

WARNER LIVESTOCK

## Warner 80

FEMALE Calved: 2006  
 SIRE: TEJANO  
 DAM: MAINE ANJOU

*Exposed to a purebred Angus bull and a purebred Brangus bull – Safe – Est. due 6/30*

*A solid-black Tejano daughter with a great ear, plenty of thickness and size, and one of the best rib shapes in the bred heifer offering.*

WARNER LIVESTOCK

# Thee Full Sisters to the San Antonio Champ!

## Lot 327A – Warner 64

FEMALE Calved: 2007

SIRE: TEJANO  
DAM: MAINE ANJOU

**Sells open**

*As pretty and stout as they get and a full sister to the San Antonio Champion in 2007, this blonde tiger-stripe has excellent feet and legs and a very balanced, correct design. She has as much stoutness and muscle as any we can offer!*

WARNER LIVESTOCK

## Lot 327B – Warner Grey NT

FEMALE Calved: 2007

SIRE: TEJANO  
DAM: MAINE ANJOU

**Sells open**

*One of three young full sisters to the 2007 San Antonio Champion Brahman Steer that sell here – a brother also sells with the bulls – this silver heifer offers an ideal frame score with extra muscle and depth of body. She'll be one to reckon with for years to come!*

WARNER LIVESTOCK

## Lot 327C – Warner 67

FEMALE Calved: 2007

SIRE: TEJANO  
DAM: MAINE ANJOU

**Sells open**

*This might be the biggest boned of the young Warner females in the offering. She is bred to be a winner and she looks the part with extra length, style, and muscle. Enjoy our best!*

WARNER LIVESTOCK

**2007 San Antonio Livestock Show Champion Brahman Steer**  
– A full brother to Lots 327A-327C

Mark Sneed  
Lot 327A

Mark Sneed

## Warner 91

FEMALE Calved: 2007

SIRE: TEJANO  
DAM: MAINE ANJOU

**Sells open**

*Load this one! This Tejano daughter is backed by a top cow and she offers great bone and muscle shape and classic American good looks. A humpy highlight!*

WARNER LIVESTOCK

Lot 329

## Warner 467

FEMALE Calved: 2007

SIRE: TAZ  
DAM: F1 (MAINE ANJOU X BRANGUS)

**Sells open**

*One of the younger heifers, this Taz daughter is out of a top-performing cow. Give her a little time and she will shine!*

WARNER LIVESTOCK

## Warner 36

FEMALE Calved: 2007

SIRE: LARD ASS  
DAM: F1 (MAINE ANJOU X BRANGUS)

**SELLS OPEN**

*Big footed and very stout this young, black Lard Ass daughter is long fronted and bred right!*

WARNER LIVESTOCK

## Warner ABC

FEMALE Calved: 2007

WARNER LIVESTOCK

# Bred in the Purple...Houston-Style!

**Lot 332A – Warner 131**  
FEMALE Calved: 2006  
SIRE: THE GODFATHER  
DAM: BRANGUS

*Exposed to a purebred Angus bull and a purebred Brangus bull – Safe – Est. due 6/30*

*One of five full sisters to the Champion Heavyweight Brangus Steer of the 2006 Houston Livestock Show, this solid black heifer offers tremendous donor potential and one of the most proven pedigrees we can offer. She has a great deal of depth of rib and flank with more shape and power than nearly any other young American-influence female you'll find. Dr. Warner is turning loose some of his most valuable replacement females in this sale, and this is one that needs to be marked with a star!*

**Lot 332B – Warner 112**  
FEMALE Calved: 2006  
SIRE: THE GODFATHER  
DAM: BRANGUS

*Exposed to a purebred Angus bull and a purebred Brangus bull – Safe – Est. due 7/30*

*Another of the full sisters to the Heavyweight Champion Steer of the 2006 Houston Livestock Show, this young female offers extra size and length with a great front and plenty of breed character.*

**Lot 332C – Warner 133**  
FEMALE Calved: 2007  
SIRE: THE GODFATHER  
DAM: BRANGUS

**Sells open**

*Here is a must-have for the serious American breeder and collector! This impressive, young female is arguably the thickest and deepest female in this deep flush of cattle, and she is one of the most exciting donor prospects we have ever produced!*

**Lot 332D – Warner 30**  
FEMALE Calved: 2007  
SIRE: THE GODFATHER  
DAM: BRANGUS

**Sells open**

*Another exceptionally stout and high-potential full sister to the 2006 Houston winner, this solid black heifer offers tremendous bone, substance, and muscle shape. Expect her to produce winning show steers with extra flank, body shape, and muscle!*

**Lot 332E – Warner 15**  
FEMALE Calved: 2007  
SIRE: THE GODFATHER  
DAM: BRANGUS

**Sells open**

*The smart cowman will take several selections from this flush home with him after the sale; the quality is deep and there is plenty to go around. This huge boned, giant footed heifer is extremely wide and deep and just the right size to make winners with. Her sisters show the power of this pedigree and this heifer will rank with the best of American-cross females that you'll find for sale this season!*

WARNER LIVESTOCK

# Warner Fall Open Heifers...

## Warner 47

FEMALE Calved: 2007

SIRE: TEJANO  
DAM: MAINE ANJOU

**Sells open**

*We're anxious to see what you think of this standout! It's hard to build an American heifer with this frame size and this much body mass and muscle while still keeping her this balanced, correct, and true to her type. We hate to turn her loose!*

WARNER LIVESTOCK

## Warner 28

FEMALE Calved: 2007

SIRE: TEJANO  
DAM: MAINE ANJOU

**Sells open**

*A big, stout brindle with tremendous top and quarter, a long front end and great feet; she might be the one!*

WARNER LIVESTOCK

## Lot 335A – Warner 50

FEMALE Calved: September 2007

SIRE: AUSTIN  
DAM: POPEYE X MAINE

**Sells open**

*Enjoy these choice selections from the top of the Warner replacement pens – we have really dug deep – and get prepared for fast success. This heifer is well-built and extra stout!*

WARNER LIVESTOCK

## Lot 335B – Warner 87

FEMALE Calved: November 2007

SIRE: AUSTIN  
DAM: POPEYE X MAINE

**Sells open**

*One of three very intriguing full sisters that sell here, this stout November heifer is backed by a donor that has been a great performer at Warner Livestock.*

WARNER LIVESTOCK

## Lot 335C – Warner 74

FEMALE Calved: September 2007

SIRE: AUSTIN  
DAM: POPEYE X MAINE

**Sells open**

*There is no denying this one! She offers red power with a strong maternal background that will mean money in the bank for years to come!*

WARNER LIVESTOCK

## Warner 65

FEMALE Calved: September 2007

SIRE: AUSTIN  
DAM: HABANERO X MAINE

**Sells open**

*Smooth, deep and soft, this Austin daughter will make a great future-donor selection. Look her up!*

WARNER LIVESTOCK

### Warner 23

FEMALE Calved: 2007

SIRE: TEJANO  
DAM: MAINE ANJOU

**Sells open**

*A smooth, black Tejano daughter that is extra complete and thick!*

WARNER LIVESTOCK

### Warner 29

FEMALE Calved: 2007

SIRE: LARD ASS  
DAM: BRANGUS

**Sells open**

*A valuable commodity, we're reluctantly turning loose of this young Lard Ass x Brangus combination. She is a top choice due to her tremendous thickness and level, correct design.*

WARNER LIVESTOCK

### Warner 109X

FEMALE Calved: 2007

SIRE: HABANERO  
DAM: BRANGUS

**Sells open**

*Another of the best in a high-quality, very quiet group of young American females, this Habanero daughter is stylish and balanced with the right look to build around.*

WARNER LIVESTOCK

### Warner 136

FEMALE Calved: 2007

SIRE: HEAT WAVE  
DAM: BRANGUS

**Sells open**

*If you need extra shape and power, load this one!*

WARNER LIVESTOCK

### Warner 3

FEMALE Calved: 2007

SIRE: SIN CITY  
DAM: MAINE ANJOU

**Sells open**

*Shorthorn-sired and extra stylish, this heifer is another top choice from the very top of the Warner replacements in this first-time offering of proven American genetics!*
